01 VEHICLE LAUNCH OPERATION

- Engines: **xxx**
- Gearbox: **xxx**

Basic manual:

Workshop Repair Manuals: 339/340/341

An **OLV "Vehicle launch operation"** has been implemented to help you solve possible problems as quickly as possible.

DURATION OF THE OPERATION:

– From 18/01/2001 to 31/07/2001.

ORGANISATION:

– All faults (vehicle, engine and gearbox) must be subjected to a succinct fault finding procedure using the **OLV INFORMATION SHEET** attached (see over page).

– Send to your Techline.

Example: **France**

Tel.: 01.41.04.43.43

Fax: 01.41.03.02.96

– If the vehicle is to undergo analysis, a visit will be organised very quickly with the specialists concerned (Engineering and Design Department, manufacturers, etc.).

– A label is affixed in the engine compartment as a reminder of this operation giving the number of this Technical Note which is to be consulted before carrying out any repairs.

**For the operation to be successful, it is important that you contact the Techline
and ask for help BEFORE ANY OPERATION on the vehicle.**

"The repair methods given by the manufacturer in this document are based on the technical specifications current when it was prepared.

The methods may be modified as a result of changes introduced by the manufacturer in the production of the various component units and accessories from which his vehicles are constructed."
